Assessment Report

Candidate: Dhyey

Questions Attempted: 2

Total Time Taken: 0 minutes 37 seconds

Each question starts on a new page. Time spent per question is shown in bold green.

Question 1

Create an HTML page with a button that changes the background color of a div when clicked.

Answer:

```
// Create an HTML page with a button that changes the background color of a div when
clicked.
function toggleDivColor() {

}
```

Evaluation:

Passed 0/1. All test cases failed. The candidate's code did not implement the required functionality.

Code Quality: 2/10

Reason: The code lacks implementation of the required function. It is incomplete and lacks essential logic.

Issues:

1. Line function toggleDivColor() {: The function is empty and lacks the implementation to change the background color of the div.

Question 2

Create a form with email validation that shows error messages.

Answer:

```
// Create a form with email validation that shows error messages.
function validateEmailForm() {

}
```

Evaluation:

Passed 0/1. All test cases failed.

Code Quality: 2/10

Reason: The code is incomplete and lacks proper validation logic.

Issues:

1. Line function validateEmailForm() {: The function is empty and lacks any validation logic.
