Assessment Report

Candidate: Dhyey

Questions Attempted: 1

Total Time Taken: 0 minutes 2 seconds

Each question starts on a new page. Time spent per question is shown in bold green.

Question 1

Create an HTML page with a button that changes the background color of a div when clicked.

Answer:

```
// Create an HTML page with a button that changes the background color of a div when
clicked.
function toggleDivColor() {

}
```

Evaluation:

Passed 0/1. All test cases failed. The code does not perform the required functionality.

Code Quality: 2/10

Reason: The code lacks implementation for the required functionality. It is incomplete and lacks structure.

Issues:

  1. Line function toggleDivColor() {: The function is empty and does not contain any logic to change the div's background color.
