Assessment Report

Candidate: Dhyey

Questions Attempted: 1

Total Time Taken: 0 minutes 3 seconds

Each question starts on a new page. Time spent per question is shown in bold green.

Question 1

Create an HTML page with a button that changes the background color of a div when clicked.

Answer:

```
// Create an HTML page with a button that changes the background color of a div when
clicked.
function toggleDivColor() {

}
```

Evaluation:

Passed 0/1. The candidate's code did not pass the test case. It does not contain any logic to change the background color of the div when the button is clicked.

Code Quality: 3/10

Reason: The candidate's code is incomplete and lacks the necessary logic to achieve the desired functionality. The function toggleDivColor is empty and does not contain any implementation.

Issues:

1. Line function toggleDivColor() {: The function toggleDivColor is empty and lacks implementation.
