Assessment Report

Candidate: Dhyey

Questions Attempted: 1

Total Time Taken: 0 minutes 3 seconds

Each question starts on a new page. Time spent per question is shown in bold green.

Question 1

Create an HTML page with a button that changes the background color of a div when clicked.

Answer:

```
// Create an HTML page with a button that changes the background color of a div when
clicked.
function toggleDivColor() {

}
```

Evaluation:

Passed 0/1. All test cases failed.

Code Quality: 2/10

Reason: The code lacks implementation for changing the background color of the div. It is incomplete and does not follow best practices.

Issues:

  1. Line function toggleDivColor() {: The function is empty and does not contain any code to toggle the background color of the div.
